

		Is Model Collapse Explicitly Defined?	
Explicit Definition		Yes	Yes
		What Definitions of Model Collapse Are Used?	
Catastrophic Increase of Population Risk		I	
Any Increase of Population Risk	E		
Asymptotically Diverging Risk		I	I
Change in Scaling Law			
Collapsing Variance		I I	E
Entanglement of Real Data Mode(s) over Time	I		
Disappearance of Real Tail Data over Time	I		E
Appearance of Hallucinated Data Over Time	I		I
